

Region 4 Board Report

In October 2017 I attended the Georgia State Council Meeting. I spoke about Project Friendship and the amount of the donation we gave. I thanked all the chapters that had donated funds and let them know that we would be asking again for donations in 2018 for Project friendship in Palm Springs California. I also let them know how our elections went in New Orleans.

I went to Chapter 772 Gainesville Georgia's Christmas party and helped collect stuffed animals. These stuffed animals are donated to the Police department and Fire department and when they go on a call where children are involved they give them a stuffed animal and it makes a big difference in the child's life. It's an awesome project.

In January of 2018 I attended the Board of Directors meetings in Silver Springs Maryland. I am on the Finance committee and we reviewed the budgets for 2018-2019. I also attended the Economics Committee meeting and the PTSD and Substance Abuse Committee meeting.

On January 20th I went to Columbus Georgia to speak to the potential members for VVA and AVVA. We are helping set up a new Chapter in Columbus Georgia.

In February 2018 I went to the GSC meeting and once again spoke to the chapters and let them know in May at the next meeting we will be collecting donations for Project Friendship in Palm Springs California and will give them all the information for the facility that has been chosen.

I have been emailing and having phone conversations with my region about upcoming state and chapter elections.

Jeri Wallis
Region 4 Director
