

Bylaws Committee

Nancy Rekowski

October 2018

The committee has met several times over the past few months to update the 2019 proposed changes to the states and chapters bylaw templates. Now that AVVA has changed its nonprofit status to a 501 (c)3, the committee will again need to review the template as soon as possible. We also met several times to review proposed changes and additions to Section 11 of the policy and procedures manual.

The committee will also be meeting prior to January 1, 2019 to review and propose any changes necessary to the organizations national bylaws. The proposals will be posted to the AVVA website in January 2019. A formal announcement of the proposals will also be sent to the membership via email.
