

Elections Committee Report

April 2018

The Elections committee has been working on updating Section 5 of the Policy & Procedure (P & P) manual in order to make it agree to the By Laws approved at the AVVA National Convention in August of 2017.

With tons of help from Nina, go to meetings were held in December for the purpose of training the Board members about the State At Large Elections to be held in January of this year. During these meetings, we (the Board and I) discovered numerous items that need to be addressed and changed for the at-large elections in 2020. The committee will be working on these changes in the near future.

During the month of March, a go-to meeting was held for the purpose of training the Board members about the Chapter and State elections.
