

APRIL 2018

MEMBERSHIP COMMITTEE REPORT

Members	Life Members	Dual Members
9,498	6,154	413

As committee chair, I have been slow on the uptake of getting things started. I have reviewed the policies & procedures and have found some things that need to be reviewed.

The committee has considered whether the new member letters, sent by the membership department need to be updated.

I have kept busy with e-mails from members and chapters on a range of topics.

In-an-effort to get information to the members, I am asking the BOD to share any thoughts on what and how we might improve and expand our current methods of contact. Our organization is member driven, yet I sense a lack of truly reaching the members.

Respectfully,

Cecilia Essenmacher

Membership Committee Chair
