

FINANCE COMMITTEE REPORT

APRIL 2016

SUSAN PRICE, CHAIR

The Finance Committee has met several times online and also in Silver Spring. We have been working closely with the Accounting Department to be able to accurately and conservatively budget this year's upcoming expenses. After our meeting in Silver Spring in January, we had extra time to assist the National office in assembling Life Membership packages.

Along with Product Sales Committee Chair, we are upgrading and implementing procedures on how best to handle our Product Sales

Budget proposals have been completed and are being submitted to the Board for approval.
