

Vice President's Report

April 2016

After the October board meeting I returned home with a "to do" list as usual. Of course I have not accomplished all the goals, however, I have been working on them.

Madam President appointed myself and Elayne Mackey to assist her in contacting the membership of Region I to inform them of the upcoming elections and give them the opportunity to step forward. I am pleased to say we had response from 3 Chapter in different states expressing interest. We are pleased to see Region I members stepping forward.

In November I had the honor of placing AVVA's wreath at the In Memory Plaque, Women's Memorial, and The Wall. I worked the membership tent at the mall that weekend.

With the sudden illness of our National Secretary, Joanna Henshaw, I assisted Madam President by covering some of Joanna's responsibilities. No one knew exactly how much she did for us until she was not there. With God's will, Joanna is recovering; it will be a long road, I have no doubt she will take this challenge as she has every one given to her.

I attended the January BOD of Directors meeting in Silver Springs, I represented AVVA at the VVA Board Meeting and gave our report.

Upon request, I have attended several Go To Meetings. I have scheduled meetings for several committees.

Presently I am reviewing our Strategic Plan and will make any recommended changes to the committee.

I continue to assist Madam President as requested.

Together Always

Cathy Keister

AVVA National VP
