

Veterans in the Justice System (VITJS)

April 2016

Currently, I am trying to get a meeting setup with my counterparts to help develop a good policy for our incarcerated inmates. There is not a fluid document to cover this committee. My desire is to correct this deficiency to provide a clearer document for direction of our members.

I have been in contact with a couple States volunteers asking for direction working with the incarcerated. The confusion of dues for these members etc. Dealing from State to State with Corrections facilities can be a confusing. This confusion can be cleared with a solid Policy and Procedure within AVVA. There was also confusion created by lifetime membership drive.

Hopefully by April BOD I will be able to present information on one the VITJS Committee and changes needed to construct a good P and P.

John Birch, Chair
