

Bylaws Committee Report

April 2017

After working so hard on the complete revision for the 2015 convention, the committee felt that the result was perfect. Then we took a second look and realized that our perfect wasn't so perfect after all, so, the committee has been working on the sections that were overlooked during the rewriting.

One main area of concentration has been the at-large representative election. AVVA's current practice, according to Robert's rules of order, must be stated in the bylaws. We have also had to deal with transferring memberships.

The rest of the proposed committee changes are "housekeeping" issues. To date, no changes have been submitted from anyone outside the committee.

Respectfully submitted

Cecilia Essenmacher

Bylaws committee chair
