

## Condolence Program Report

FRAN FILES DAVIS

I very proudly serve as Chaplain for the AVVA National Board of Directors. As such, I send condolence cards from VVA and AVVA.

The numbers of cards that are sent is astounding. I had no idea the VVA and AVVA members that are passing.

The cause of death isn't always listed and some of the ages explain the possibility of why they are passing. BUT the young members that are passing is amazing. Please take care of yourself and your family members. Veterans are more susceptible to many diseases because of their service. Go get medical or mental health.

God Bless,

Fran Davis

Chaplain
