

FINANCE COMMITTEE - APRIL 2017

Another year has come and gone. I would like to personally thank all the Regions, Committees and Board of Directors for working so hard to keep in budget. Everyone did very well. We have been able to receive grants, donations and revenue which greatly helped AVVA carry on their various projects.

The Finance Committee is very close to finalizing the proposal for the revised Shipping Policy of the Paper Safe. This should be ready for presentation at the April Board Meeting.

The budget for fiscal year 2017-2018 is ready for submission to the Board. We are actively seeking other means of Revenue. We are also working on writing a policy for Budget procedures.

February 28, 2017 was the end of our Fiscal Year. All Incorporated States and Chapters should be getting ready to file their Annual Financial Reports and submitting their 990 reports to the IRS.

Reminders:

This is an election year and all Financial Reports are due 60 days prior to Election. When making out travel expenses, remember, the IRS mileage rate pays \$.53 per mile.

Regards,
Susan Price
National Finance Chair
