

## CONDOLENCE REPORT

JULY 2017

If you read the Taps column by Father Phil in the Veteran magazine you will know what the Condolence Committee does. The AVVA board created a card that is mailed to each name on the list that has an address available.

A card is enclosed that tells the family about the “In Memory Plaque” in Washington, D.C. Some of the names of the deceased may be eligible to be added to the memorial book.

In the 10 months that I have been responsible for this, I have mailed hundreds of cards. If an original document or picture is sent, it is returned. It is staggering to see the number of VVA and AVVA members we are losing. It is a wakeup call for AVVA to get stronger for the future.

Thank you for letting me represent AVVA by sending these cards.
