

PAPER SAFE REPORT

Nancy S. Switzer, Chair

JULY 25, 2017

The Paper Safe continues to be an outstanding program for AVVA, that is much needed and wanted. The Paper Safe is an estate planning for veterans and their families and consists of documentations, medical issues/reports, VA and medical reports, numbers, Will/DD214 and banking information so that when something happens the family knows right where to go for funeral arrangements and other important documents they may need.

TWO YEAR OVERVIEW:

The Paper Safe has been in demand and being used by most Faces of Agent Orange Town Hall meetings. In working with the finance committee one of the issues that we are discussing is that the cost of sending these all over the country is indeed expensive. How we can cut the cost of postage, while making sure our veterans and their families get this precious gift.

Because of this I have now been tracking the cost of the Paper Safe. Having a spreadsheet that tells the costs of 1, 5, 25, 50 and boxes of 125 will assist us in producing a policy and procedure. Also I have been working on where it is sent from. Discovering that the cost is lessor in one place than another and again realizing that it is cheaper for me to buy the envelops/boxes than to be charged the fee for not only them for charging to put in boxes, etc.
