

Associates of Vietnam Veterans of America, Inc.

Committee Chair Quarterly Report

NATIONAL WEBSITE COMMITTEE

The National Website Committee oversees and maintains the Associates of Vietnam Veterans of America National Website.

ACCOMPLISHMENTS TO DATE:

Since the election in August 2017, which resulted in new information and the need to appoint new committee members, the chair has been updating the website. I have updated several web pages with new officers, etc. as well as the convention information and awards results pages. Please visit the web site regularly, as information will continue to be added as received.

I have been fortunate in finding two volunteers so far, to add to the new Website Committee as functioning members. First will be Simone Hawthorne, of WV, who will monitor the Face Book page, and occasionally inspect the web site for verification of functionality. The second is Roberta Morris, of PA, who will regularly inspect the web site for corrections or broken links, etc. These two members will be an extremely welcome help to the webmaster.

GOALS FOR THE NEAR FUTURE:

The future goals for the Website Committee are fairly simple. The website gets an occasional freshening up of various graphics in order to try to keep it interesting. Links to various types of information need to be kept current so that we do not have old, uninteresting or inaccurate content. When dealing with an extremely diverse audience it can be difficult to balance simplicity with modernism, but it is important to keep this website as functional and professional as possible, while avoiding any unnecessary difficulty in using it. A major revamp, or possibly a total redesign may occur over the next 5 or 6 months.

We very much want to try to get more input from members around the country as to events and information relevant to individual states and chapters, as much as is possible to obtain. I would love to have the chapters and states that have websites submit their web addresses to us, so that we can have links to all of them, to provide to the members around the country.

Respectfully submitted:

Joanna Henshaw
AVVA Website Committee Chair
