

Bylaws Committee Report
October, 2016

The effort to get incorporated chapters and states to revise their bylaws didn't work very well. Since it is imperative that these be updated and are supposed to be on file in the National Office, we will continue to contact those who have not responded. I do want to thank all those who met the deadline.

The committee is currently working on additional changes and additions to the National Bylaws which were overlooked in Springfield, 2015. Thankfully the changes are basically housekeeping issues.

If you have a change to propose, you need to begin preparing them and sending them to the committee for review. We will accept submissions until April 1, 2017, but it is best to get them in as soon as possible. They will be reviewed, and if approved, will be posted to the website no later than May 8, 2017. We hope that this will allow chapter and states to meet and discuss them before the convention in August.
