

Finance Committee Report

October 2016

Happy Fall, Ya'll. We are half way into our fiscal year and are on target with this year's budget.

The Finance Committee is, currently working on proposing a policy for the shipping of the Paper Safe, which is very near completion and submission.

We are, currently, in the process of updating the IRS umbrella for our Incorporated States and Chapters.

One of our goals this upcoming year is to review and update our budget process. Next year's budget request forms are ready to be completed and submitted no later than December 1, 2016.

Regards,

Susan Price
