

Region II Report

October 2016

Nancy Rekowski, Region II Director

The chapters and states in Region II have not made any request from me this past quarter but they know that I am always available and can be reached at nrekowski@avva.org

As a board member I chair the Strategic Planning Committee and project friendship. I also serve on the policy and procedure, incorporation and bylaws committee. The strategic planning committee and the Corporation committee has been busy writing new policy. The strategic planning committee has also been meeting with board and committee members to review and update AVVA's Strategic Plan. I have also spent time with bylaws committee chair in preparing possible bylaw changes to be presented to the board for review at the October board meeting. I've also spent much time reviewing new policy and procedures submissions.

Outside of my committee work I worked with Sharon and Bernie in making changes for the new printing of the membership brochure.

Highlighting Region II members and their good works is always important. See my article in the UPDATES fall newsletter.
