

MEMBERSHIP COMMITTEE REPORT

OCTOBER 2017

Members	Life Members	Dual Members
9,332	5,938	418

The first activity was to select the members for the current term. The committee will consist of Bobbie Morris, Terri Rangel, and myself as chair.

The main emphasis, for this term, needs to be working on recruiting and retention resources and make them available to all members, chapters, and states. By doing this we will be making progress towards goals of our strategic plan.

We need to assure that members are getting all the information they need to be involved and up-to-date on AVVA activities and policies.

These are the long and short-term goals that need to be our focus.

Respectfully,

Cecilia Essenmacher

Membership Committee Chair
