

Finance Committee Report

July 2016

We started off, the first quarter of this year with very rocky start, with the loss of one of our committee members, Cathy Keister. However, the Committee managed to pull together to complete the 2016/2017 annual budget, which was accepted at the last Board Meeting.

The proposal to lower Life Membership dues was agreed upon at last Board meeting in an effort to increase membership.

The Finance Committee has proposed a policy to present before the Board concerning travel and no-shows.

Last year's IRS- 990 Return is completed and waiting for Board approval in July.

As a reminder all Incorporated Chapters must have their IRS- 990 plus Annual Financial Report into National by July 15, 2016.

Financially, we are on track. Hope everyone has a safe trip to and from Leadership Conference.

Stay Cool!
Susan Price
