

## Region 5 Director's report

October 2017

Since being re-elected as Region 5 director, I contacted those members I selected to be on the disciplinary committee, and reported the names to the national disciplinary committee chair.

I have either sent the VISTA pins that I received at convention to the appropriate state representatives, to the recipients, or attended the chapter to present the pins individually.

I have also contacted the state leaders about preparation for elections expressing that even though we are a separate organization from VVA, we need their help to assure that each chapter is encouraged to elect a representative.

Respectfully,

Cecilia Essenmacher
