

## Region 5 Director's report

April 2018

After the national board meeting, I sent e-mails to the state representative and presidents in the region about encouraging the chapters and members to visit the AVVA website to read the minutes and reports from the Convention and October meeting.

I sent reminders concerning at-large elections in January. Additionally, as we have now moved closer to our chapter election cycle, I have sent information on holding those elections. It is by having chapter contacts that we continue to grow our association.

Chapter 669 in Illinois has completed their incorporation. Plans are being made for presenting their new charter. Also, I have had multiple contacts with another member in Illinois who is interested in starting the process to incorporate their chapter after a membership drive.

Respectfully submitted,

Cecilia Essenmacher
