

FINANCE COMMITTEE REPORT October -2025

Here we are 6 months into our annual budget. My! how time flies. Seems like yesterday we were just forming our committee for this year.

New committee members are in place to serve this fiscal year, awaiting approval from the board.

Budget figures look good, we are where we expected to be this time of the year.

We will begin preparations for budget process for upcoming new year, this month. We will also, be reviewing policies and procedures in order to maintain up to date material.

Regards,

Susan Price
