

For the AVVA National Historian Committee, 2025 – 2026 term, the following members are as follows:

Chair - Michelle Mackey, California

Committee Member – Tony Gigli, Indiana

Committee Member – Bobbie Morris, Pennsylvania

Committee Member – Terri Rangel, Texas

One of the first goals of the AVVA Historian Committee will be to look at and suggest any necessary changes to the Policy and Procedure for this committee. It has not been reviewed or updated for some time, I have been told. The current P&P states the use of cameras and storage cards. The current technology of smartphones allows most pictures to be taken in much better quality. We can edit these photos taken at AVVA events on our smartphones. They can then be shared with other Historian Committee members, and/or directly to a Type C thumb drive for the smartphone. The P&P should be updated to reflect current technology.

I look forward to the first meeting with the AVVA Historian Committee. Working as a team to share new ideas on how to bring forth new technologies to this committee will be exciting and fun.
