

The Heartbreak to Hope Program has accredited facilitators in several states and regions. Program Co-Chairs, Kathy Andras and Nina Schloffel will be reconnecting with these facilitators. The objective is to:

- Determine those facilitators with active Heartbreak to Hope programs in their chapter/communities and assess:
 - If the training was helpful in building their program?
 - What worked?
 - What didn't work?
 - What needs to be added or changed?
 - What additional resources can National provide?
 - To promote viability?
 - To encourage growth?
- Determine those facilitators who have not established Heartbreak to Hope programs in their chapters/communities and assess:
 - What roadblocks prevented successful start-up programs?
 - Was the training a contributing factor?
 - What needs to be added or changed?
 - What additional resources can National provide?

This April, Program Co-Chairs will be meeting to design an appropriate survey/questionnaire for this assessment along with a strategy for its application.

Kathy Andras
Nina Schloffel
Program Co-Chairs,
From Heartbreak to Hope
