

Incorporation Report: 01/04/2022

**Happy New Year with Health, prosperity, Peace,
And Love.**

Available for Chapters and States online avva.org and review section 2 and the Incorporation power point to share with your members.

At our 2021 Convention I was happy to talk with a lot of you about the process of Incorporating your Chapters and States.

I believe now is the time for Chapters and States to become incorporated. Not only builds a strong foundation for your Chapter and State it will allow you to hold fundraiser's, Write grants, membership growth, receive donations and say you can write it off on your taxes. Many more great reasons.

Inc. Committee and myself are here for you to walk you thru the process. It is not that difficult at all.

Please contact myself or Inc. Committee with any questions you have.

Our goal is your success!

Respectfully,

Bobbie Morris
