

MEMBERSHIP COMMITTEE REPORT

JANUARY 2021

In my October report, I mentioned that with elections being over, I would begin updating the list of those who should be getting chapter and state rosters. However, because reporting has been slow, I have not received the updated elections database, so nothing has been done. I also have not had anyone request their roster.

With that said, this quarter has been very slow. I have been verifying those members who are dual members and those marked dual that should not be. I hope to have this completed by the time we get January's rosters.
