

Survivors Benefits Report: October 2021

I understand the past couple of years has been difficult which we can agree. But we now can start considering and planning to hold a Survivor's Benefits Seminar.

We would like to encourage Chapters and States to hold a seminar to educate Veterans, spouses, and their families.

The Survivors Benefits Seminar is to support and provide educational materials to the families of veterans, military, regarding the benefits available to them through the Department of Veterans Affairs.

The Associates of Vietnam Veterans of America has created a program focused on bringing awareness to what is currently available to the spouse, widow, widower, and family of the veteran. Federal and state-funded benefits can vary. With that in mind, the survivor's benefit's program is designed to be implemented at the state and chapter levels where family members can attend the seminar.

The information is available to direct and help spouses, and their families during a difficult time.

Please go to avva.org under the tab Survivor's Benefits for everything you will need to conduct a successful Survivors Benefits Seminar.
