

Website Committee Report

April 2022

Hello Spring! OK, that is not about the website, but I had to say it

The website has been updated with election information over the last couple of months and is now being updated on some other subjects.

The National Incorporation Chair, Bobbie Morris, has requested some updates on the Incorporation Information Page. If you are even remotely interested in the process for your state or chapter, please go to <https://www.avva.org/incorporation.html> to read about how. If you can do this, you really should at the point.

There were long discussions about how we do what we do, and how it might be able to be done differently, or in a more modern way. It was decided that we will continue the way we do things for the foreseeable future because of the advantages we currently have. However, the committee will be looking into some things in order to be sure we have looked under every rock, so to speak.

AVVA National is looking for a person who would be willing to volunteer just 4 or 5 hours per **month** to make additions, upload new information, take out old information, or just generally help with the workings of the site. They would have to understand custom software like Dreamweaver, that require FTP Transfer software to “talk” back and forth between the website files and the server. If you are interested in discussing volunteering for this, please email me at: avvajh@cox.net We can talk about what you may or may not need to know, etc. and how we could share webmaster duties.

We also still have a face-book page that you can find at:
<https://www.facebook.com/AssociatesofVi1>

Please stay in touch with our website. You can actually find so much of what you need to know for just about any AVVA questions. And you can find contact information for your region and state. As always, if you do not find something you wish was there, please contact me and we can see what we can do.

Respectfully submitted,

AVVA National Website Committee Chair
