

## **Incorporation report by: Committee Chair and Committee.**

Date: July 18<sup>th</sup>, 2022

Hello all,

Our National Inc. Committee and I have been remarkably busy since our last report.

- We have updated the petition Packet, as well as The Startup kit.
- Updated section 2 of our National Policies and Procedures.
- You will not find that the links for the petition and startup kit are not on our avva.org website. Please go to section 2 and review the steps to incorporate for States, Chapters, and Independent Chapters.
- Our committee is holding online meetings, and conference calls and working together as a team so that everyone will have the correct knowledge about incorporating your States and Chapters. Our goal is your success!

Great News!

- Welcome to our two newest chapters who have completed their Incorporation Process.
- Chapter 77, Of New York. President, Lori Paton
- Chapter 1015 of Tennessee. President Roxanne Smith

There was A special presentation for both chapters to receive their Charters and their AVVA flag.

I have received two request to incorporate recently.

- Chapter 165, of Washington State, Steven.
- Chapter 391, of California, Shirley.

We are looking forward to guiding you through the Incorporation process.

- A special Thanks you to our Incorporation Committee for an outstanding Job!

Respectfully Submitted,

Bobbie Morris,

Incorporation Committee Chair
