AVVA LEADERSHIP DEVELOPMENT COMMITTEE REPORT

October 2020

The Leadership Development Committee is pleased to report that we have begun a systematic plan for the functioning of this committee. This committee is chaired by the national president, and the national vice-president, secretary and treasurer make up the balance of the committee.

This committee will be responsible for all training and educational materials developed by AVVA for all uses. We have or will have various training and educational tools for our board members, state and chapter officials, members and even certain items for the office staff to help them help us.

We are currently working on a couple of training videos to help anyone who needs more information regarding rosters and how to use them effectively, creating and using word documents, scanning materials to use as email attachments, and more. These videos, we hope, will be available before the end of this year.

Currently there is a web page on our national website which lists some currently available materials which can be useful to all of our members.

Please visit: <http://www.avva.org/training.html> for specific current information, and to see what has been added!
