

AVVA NATIONAL TREASURER REPORT

April 2021

Now that the restrictions have been somewhat lifted everyday life as we use to known it may return to some type of normal, “we hope”!

Louisiana State Council held their Mid-Winter Conference in February which I attended. Seeing everyone their and the level of participation and enthusiasm of the membership in attendance was great. At our AVVA meeting we talked about our upcoming National Elections. We didn’t know at that time that VVA would be holding their National convention in November. It would have been a challenge for our membership to have held a virtual meeting in the place of a National Convention for AVVA.

In the middle of April Texas VVA/AVVA will be having their State Council Meeting which I will be attending. Also in April our AVVA Chapter in Houma, Louisiana will be presenting a Survivor Benefit Seminar. I will also be present for that seminar.

Susan Henthorn and I have put in numerous hours calculating Vista hours. Ours members, even with the virus, were able to accumulate a tremendous amount of hours. I would thank the membership for a job well done under the circumstances that they had to live with in order to provide these hours

It will be wonderful to see everyone at our National Convention in November. Stay safe.

Kathy Andras

AVVA National Treasurer
