

## **AVVA NATIONAL TREASURER**

OCTOBER 2020

*Since our last board meeting in April I have participated in all of the meeting that was called by our National President. I have even attended a computer learning session on line in order to obtain added skills that will benefit our organization. I have continued to perform all the duties of the treasurer which are approving incoming accounts payable invoices to be paid and working with the office if anything is needed. I have been in communication with our finance department in preparing for our 2022 budget. I have worked closely with our Vista Chair, Susan Henthorn, on totally the hours submitted by our members.*

*With the viruses we have been unable to travel to our National Board meeting in Silver Springs. Our on line Board meetings has kept us all contacted. I am hoping that we can return to our in person meetings in April. I am always available if anyone needs help.*
