

Region III Report

Oct. 2025

Region III is doing great. It was the top Region in vista hours at convention, as well as having the top chapter and member in hours! I was elected Region Director for a second term and hope to do even more than last term. I have made all state presidents and representatives in the region aware of my status and let them know to contact me with any issues they have good or bad. We have a great region and I hope to help it grow, My deputy and I make a great team. We are very united.

Wynella Bethards
Region III Director
