

Region Three Director Quarterly Report

January- 2022- April-2022

I was not able to be at the Board of Directors Meeting in January, so I am looking forward to the one for April. There has been a lot of activity here with the National Leadership and Educational Conference taking place in Greenville, the following has happened over the last month:

- I have National Officers, Regional Officers, S. C. State Officers, N.C. State Officer, and several of the members, of my chapter, about the roll we will be taking at the National Conference. I have appointed a person to take care of anything that National needs (pick up supplies, pick up VIP's, etc.)
- Had a meeting with Michael Keating and members of our chapter about the article he will be writing for the VVA magazine talking about our chapter and what we do. We also learned that during the National Conference there will be an exhibition going on at the Upstate History Museum-Furman University in Town that will be at Vietnam-The Real War. Our chapter was asked to donate articles from Vietnam which will be displayed for this event.
- I have asked all chapters in S. C. to obtain items from their area which will be placed into the bags that will be given out at registration. Also, my chapter will be helping to fill the bags for the VVA and the AVVA.
- I attended the first chapter meeting for the new chapter in S. C. Chapter 1145 in Aiken, they have around twelve members now. The members are all VVA, but I spoke with them about pushing for AVVA members to help them and work to make their chapter and more rounded chapter for the state.
- Made sure that all chapters and states know that this is the month we have our elections and reminded them what paperwork I need for them to send to me as soon as the election process is complete.

Hope Summers
