

Seeking Office of Associates of Vietnam Veterans of America National Region II Director.

Bobbie Morris

I have served as deputy region director from 2013 until present.

My husband and friend of 47 years, Philp, was a life member of VVA, since 2001. We have a blessing of a daughter Dara Rae, who is a special needs child/adult who we believe is effected by agent orange. Our family has been a life-long resident of Beaver County Pa.

I come from a military background with my father (Big Red One) who served in WW II and my brother who served in Vietnam and is still suffering the effects PTSD + Agent Orange.

As a life member of AVVA I believe in our mission to work side by side with our Veterans and their families and reaching out into our community.

As regional director I would focus on the needs of our members; be available to help in any way that I can, working with state and chapter leadership to move into a positive future for our organization.

I have been honored to receive the National Presidents Commendation medal, the V.I.S.T.A volunteer 1st place 2015, The Pennsylvania Angel Award 2009/2012/2014, and the AVVA Member of the Year Award, 2001.
